24	\$4050	\$405.00	\$3050	\$305.00	\$600.00	2 major & 1 minor & 1 cleaning

- **Gym Cleans:** Parents can complete a Minor Volunteer commitment in lieu of a Gym Clean.
Buy out of the commitments: It is \$150 per Major Commitment, \$50 for each Minor Commitment and \$50 for the Gym Clean. ****Please note 3 minors are the equivalent of 1 major ****
- **If you are paying your fees over 10 equal installments:** You may choose to write postdated cheques from September through to June or pay via debit on the 1st of the month. Membership fees, of which insurance is a member benefit, are to be paid prior to athlete's going onto the gym floor as per GBC insurance policy.
- **For children competing:** Membership fees are \$92, and these fees include the following: Gymnastics Canada Levy \$8.00, Gymnastics B.C. Competitive membership \$77.30, and CRGA membership \$6.70.
- **For children NOT YET competing:** Member fees are \$27, and these fees include the following: Gymnastics Canada Levy \$8.00, Gymnastics B.C. Recreational membership \$12.30 and CRGA membership \$6.70.
- **A post-dated cheque written for June 30 for \$250 for Fundraising and Volunteer commitments is also required.** If you fulfill your fundraising and volunteer commitments your cheque will be returned to you or shredded. If you owe more than the \$250.00 on or before July 30 your cheque will be cashed and you will be billed for the remainder. If you owe less, your cheque can be exchanged for a new cheque or cash in the amount left owing. All fundraising and volunteer commitments must be cleared up, or arrangements made by the start of the next session.
- **Families with two athletes (siblings) in the competitive program:** Families are required to meet the volunteer requirements of the athlete in their family who is training the most hours. Their combined fundraising will cap out at \$600.00.
- **Families with three or more athletes (siblings) in the competitive program:** Families are required to meet the volunteer requirements of the athlete in their family who is training the most hours. Their combined fundraising will cap out at \$800.00.
- **Competition fees:** These fees must be paid in full prior to going to the competition. All competition registrations will be emailed out with deadlines to sign-up and pay fees. Fees paid to the club include individual's competition registration and coach's fees. The coach's fees are shared between all athletes. The number of athletes attending a competition will determine how many coaches attend.
- **If you have fundraised MORE then your required amount:** Your extra fundraising can go towards your competition fees or be carried forward (it cannot be used to pay gym fees or volunteer fees).
- **Training fees:** All training fees must be kept up to date. If you become more than 1 month behind in your installment payments, your athlete will not be allowed to train until arrangements have been made with the office with regards to your payments.
- **NSF fees:** A family is permitted to have only 2 NSF cheque's in the course of a calendar year and a fee of \$15 for each NSF cheque will apply.

Please remember to be polite, kind, and respectful to your fellow club members, staff and volunteers. All of us are here for a common purpose and our athletes will thrive in a positive and supportive atmosphere. Negativity has no place in Gymnastics and will be detrimental to your athlete's development. Your positive actions will also help athletes learn to be respectful to each other, as well as their coach and anyone else they may encounter in their lives.

Have an awesome year!!

I _____ (Parent print name) understand my commitments to the club and agree to work off my fundraising and volunteer hours commitment or pay out the remainder at the end of the 2017/2018 season.
